### 1922 American Girl Is Not to Blame? "Mother Causes It," Solon Says

WASHINGTON, Jan. 31.—Rep. Alice Robertson Oklahoma, only woman in congress, rose today in vigorous defense of the "happer."

"Mrs. Robertson admitted that the 1922 girl, with her knee-skirt, low-necked dress, rouge and 'debutante slough' is open to criticism," she said.

"You can blame her mother," "As the mother flap so flaps the youngsters," Mrs. Robertson said.

"The modern mother is responsible. She sets the pace and her daughter follows. While mother is flapping around at an afternoon tea or a reception or bridge game, daughter goes out flapping in an auto. It's only natural."

"Let the mothers stay at home. Then they would find that their daughters would come home. They would find that their daughters would come home. They would find that their daughters would come home."

Two-course luncheon was served at a table centered with cut flowers. Covers were placed for 11. The next meeting will be held in two weeks with Mrs. Alva Wiser, Mishawaka av.
